Yo Aquascape Warrior!

As the Commanding Officer of Aquascape, I congratulate you on your completion of "A Week In The Aquascape War Room".

You are now part of a continuum. The never-ending task of pride and passion to be all you can with your future in the Watergardening industry.

As one to whom the torch has been passed, I congratulate you again on your hard work. May your commitment in the future be as strong as it was this week. Remember your training, and you will succeed!
