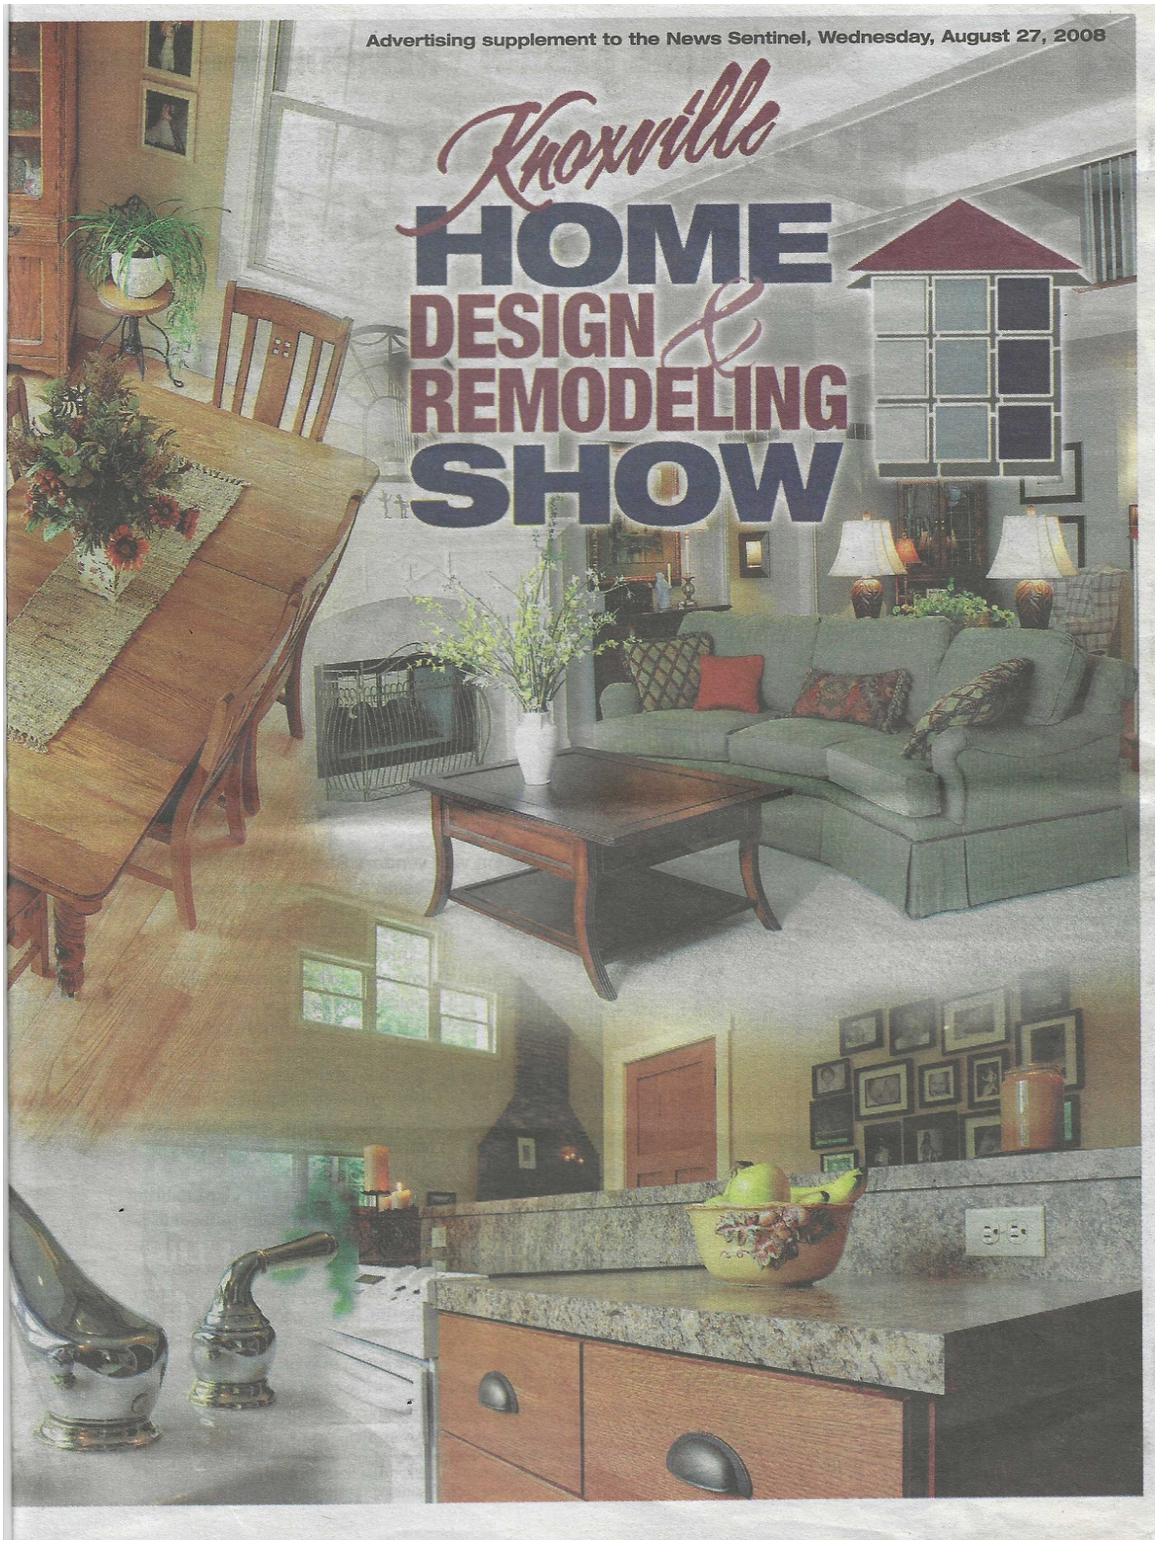
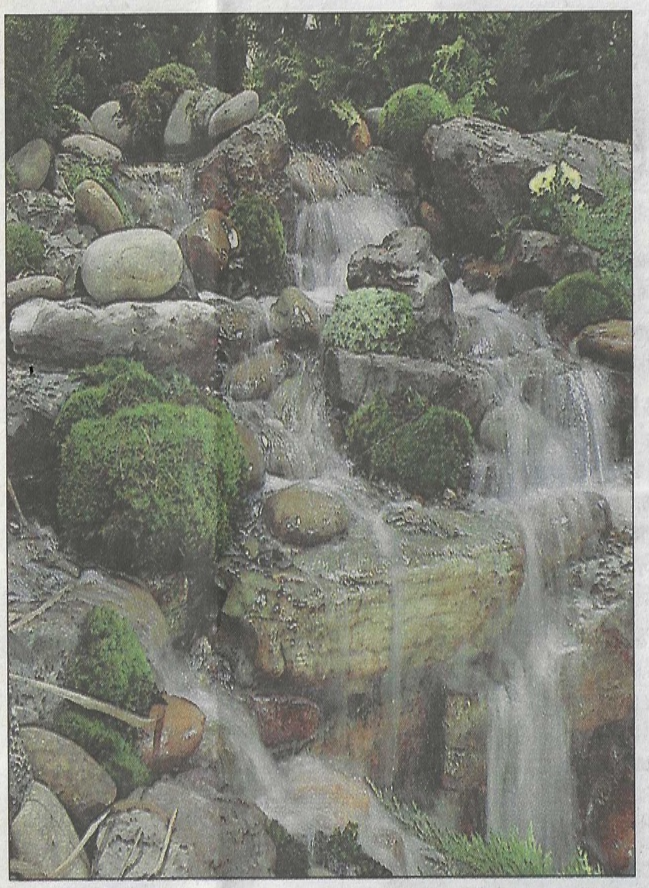
Knoxville HOME DESIGN & REMODELING SHOW





MODERN DESIGN AQUASCAPING

Award-winning firm among exhibitors

The Home Design & Remodeling Show will feature many different aspects of home/yard design, including Modern Design Aquascaping.

The company, which has a display garden and design center in Friendsville, offers award-winning designs and installations, including ponds, waterfalls, fountains, landscape lighting and rainwater harvesting systems.

Its work has been featured on the WBIR-TV show "Style" and statewide cable television, and in City View Magazine, Pond Keeper Magazine and HGTV Ideas.

The company has earned the title "Certified Aquascape Contractor" and has maintained that certification since 2002 through Aquascape Inc., the largest pond company in the United States.

Modern Design is also one of only 15 Pond Guy Peer Group Members in that community.

Since the company began in 1993, it has built a combined total of almost 200 features in Illinois, North Carolina, Tennessee, Georgia and Missouri.

More information may be accessed by calling John Adams at 865-995-1234 or online at www.aquascaping.com.
