POND GUY

John,

Your continued excellance and ability to adapt while staying passionate about your trade is inspiring to me! You are much beloved for that in this TRIBE and are a wonderful model for all the CAC's who aspire to be the best too! I'm truly excited about continuing to work with you personally and Modern Design Aquascapes! We are putting together a coffee table book and want you to be prominently part of it! Thank you for being you!

Merry Christmas

Greg
